Hiring Committee

UNICEF Internship Program

Subject: Application for UNICEF Internship Program

Dear Hiring Committee,

I am writing to express my strong interest in the **UNICEF Internship Program**. As a passionate and dedicated in Information Technology with a deep commitment to Software Development, I am eager to contribute my skills and learn from UNICEF's impactful initiatives.

Currently, I am pursuing a degree in Software Engineering at Adventist University of Central Africa and have gained experience. My previous work with Rwanda Revenue Authority has strengthened my ability to collaborate in multicultural teams, analyze data for policy recommendations, and engage in community outreach.

What excites me most about UNICEF is its mission to every child's right to education, health, and protection. I would welcome the opportunity to contribute to UNICEF's work while further developing my professional skills. I am confident that my strengths in research abilities, adaptability, and passion for child welfare would make me a valuable addition to your team.

Thank you for considering my application. I look forward to the possibility of contributing to UNICEF's mission.

Sincerely,

Niyitegeka Evode
