TO: HUMAN RESOURCES

MINUBUMWE

Dear Sir/Madam,

RE: Request for Internship

We would like to inquire whether you could allow **NIYITEGEKA Evode** to have internship in the Department of Information Technology under your organization.

Evode is currently a student with **Registration Number 24755** in the faculty of Information Technology, Software Engineering Department at the Adventist University of Central Africa (AUCA). One of the requirements for the degree is that the student completes a period of 45 days excluding weekends and holidays as an internee in an organization, specifically in the field of his studies.

We would be grateful if you could assist him within the period mentioned above.
While waiting for your positive response, may you accept our gratitude in advance.

Yours faithfully,

Pr. SEBAGENZI Jason, PhD
DEAN OF IT FACULTY
